

3) Page 19 of the SAR report cites BT does not simultaneously TX with Wi-Fi. However it is not clear if this applies to both BT and BT-LE.

LSR Response- Correct, both BT and BLE do not simultaneously TX

2) Kindly confirm the same antennas originally approved are used in this filing.

LSR Response- SAR evaluation was for the Ethertronics Prestta Antenna Part no. 1000423

Note: Review of previous applications by Tim Johnson showed this as one of the original antennas approved.
